# R 8128S C

# Paraffin wick heater

### Product data sheet

| Product category | Paraffin Wick Heaters |  |  |
|------------------|-----------------------|--|--|
| Brand            | Qlima                 |  |  |
| Model            | R 8128S C             |  |  |
| Colour           | Inox / Black          |  |  |
| EAN code         | 8713508778624         |  |  |

## **Technical specifications**

| Burner type             |       | Double burner   |
|-------------------------|-------|-----------------|
| Capacity heating        | kW    | 2,85            |
| For rooms up to         | m²    | 20 - 42         |
|                         | m³    | 50 - 105        |
| Consumption (max.)      | l/h   | 0,297           |
|                         | g/h   | 238             |
| Tank capacity           | I     | 5,2             |
| Autonomy                | h     | 17,5            |
| Batteries required      |       | 4 x C (LR14)    |
| Batteries included      |       | No              |
| Dimensions (w x d x h)1 | mm    | 455 x 295 x 505 |
| Net. weight             | kg    | 10              |
| Guarantee <sup>2</sup>  | years | 4               |
|                         |       |                 |

|             |   |   |          |

<sup>&</sup>lt;sup>1</sup> including base plate

<sup>&</sup>lt;sup>2</sup> except ignition, manual fuel pump, glass cylinder(s) and wick.

## R 8128S C

## Paraffin wick heater

Built-in CO□ sensor

Removable fuel tank

Tip-over safety switch

Safety stop

Safe top

Transport cap

Spark ignition

### **Features**

**CO<sub>2</sub> sensor:** This heater is equipped with a CO<sub>2</sub> sensor. The user is informed when additional ventilation is required. The heater will be switched off when the room is not ventilated sufficiently.

**No installation:** This heater can be installed without wires and without exhaust pipes. This makes it a very convenient heating source.

**High efficiency:** This heater has a 99.99% heat efficiency with infrared radiation heating.

#### Wick-stop:

The wick stop mechanism of this heater limits the flame height adjustment. This ensures a clean combustion.

**Automatic tip-over switch:** The heater will be shut off automatically when the heater is knocked over.

**Safe top:** This heater is equipped with a safe top. The temperature of the top plate is kept relatively low for improved safety.

#### Safety stop:

This heater is equipped with a shut-off safety switch. By pressing this switch the heater will be shut off immediately.

**Safety system:** This heater is fitted with a safety system that automatically switches off the heater after approximately ||IntermittentBurningTime|| hours of continuous operation. Use the safety stop to switch off the heater inmediately.

#### **Battery cover:**

This heater is equipped with a cover for the batteries.

#### Fuel filter:

Protects the burner system.
